

The Daily Freeman.

MONTPELIER, JULY 17, 1863.

FOR DRAFTED MEN.—The Provost Marshal for this District has decided the following important points:

1. Every drafted man must report in person or be deemed a deserter.
2. A man who furnishes a substitute, and such substitute is rejected, can pay the \$300 for exemption any time up to the time he is ordered to report at the place of rendezvous.
3. Any enrolled man residing in a sub-district from which the draft has been made will be accepted as a substitute if fit. C. R. CRANE.

On Monday of last week, a son of Mr. Elijah H. Willis, of Plymouth, 11 years of age, was badly injured by gunpowder.

Wells Heath of Johnson, a man over 70 years of age, had his right leg broken the 9th inst., by a falling tree. The injury is a serious one, but it is thought he will recover.

E. S. Dana of Cornwall, Vt., was recently appointed Examiner-in-Chief of the Bureau of Invalid Pensioners.

PROFITABLE SHEEP.—Mr. Silas King, of Glover, has sold the present season from one buck and four ewe sheep—
8 lambs, \$3 per head, \$24.00
37 lbs. wool, 55 cts. per lb, 20.35

Making, \$44.35
We think that if the above is any indication of the general income of sheep husbandry in these parts, it must pay rather better than printing newspapers. We think it will be hard for any one in the country to beat Mr. King—or his sheep either.—*Irassburg Standard.*

RELIEF IN TEN MINUTES
Bryan's Pulmonic Wafers.

The most certain and speedy remedy ever discovered for all Diseases of the Chest and Lungs, Coughs, Colds, Asthma, Consumption, Bronchitis, Influenza, Hoarseness, Difficult Breathing, Sore Throat, &c., &c.

THESE WAFERS give the most instantaneous and perfect relief, and when persevered with according to directions, never fail to effect a rapid and lasting cure. Thousands have been restored to perfect health who have tried other means in vain. To all classes and all constitutions they are equally a blessing and a cure—none need despair, no matter how long the disease may have existed, or however severe it may be, provided the organic structure of the vital organs is not hopelessly decayed. Every one afflicted should give them an impartial trial.

To Vocalists and public Speakers, these Wafers are peculiarly valuable; they will in one day remove the most severe occasional hoarseness, and their regular use for a few days will, at all times, increase the power and flexibility of the voice, greatly improving its tone, compass and clearness, for which purpose they are regularly used by many professional vocalists. nov28wd&my

RHODES'
Superphosphate of Lime.
THE STANDARD MANURE.

AN application of 150 or 200 pounds per acre of this standard Manure will furnish enough Soluble Phosphoric Acid, (the indispensable nutriment of plants,) for any crop.

Rhodes' Standard Manure
being prepared for immediate application, can be used either broadcast or in the hill or drill. In no instance is it to be plowed under. When agriculturists learn the true value of this Standard Manure, they will not suffer themselves to be without a supply, as in case of replanting or backward growth, Rhodes' Manure, applied as top dressing, produces speedy growth. This Manure does not fire.

Pamphlets containing full particulars of Rhodes' Standard Manure can be obtained of
